'Model Year' is a standard industry-wide term employed by US automobile and motor home manufacturers to designate annually changing vehicle designs. 'Model Year' does **not** indicate the year in which a vehicle was manufactured. A 2018 design or 'model', for example, may be manufactured anytime during the 2017 or 2018 calendar year. The model year of an Mighty Campers vehicle is always indicated on the vehicle registration.

Motorhome Specifications

Motor home photos, drawings and floor plans provided are examples only. Sleeping capacities are recommendations only and do not mean like number of adults or full-size teenagers can be accommodated comfortably within every unit of a size category. Features and amenities are representative and may be changed, added to or deleted without notice. Bed sizes vary from unit to unit within size categories and cannot be guaranteed. Specific floor plans or models will vary within a category and cannot be reserved or guaranteed.

Motorhome Lengths

Motor home lengths will vary within each size category. Specific floor plans, models or lengths cannot be reserved or guaranteed. It is the wholesaler's responsibility to explain clearly in their brochure/program that motor home category designations do not represent the exact length. For example, if you designate the Class C Slide-Out model as an MS31, the lengths within this category may range from 31 feet to over 32 feet.
